*{..Purpose does not express itself in any one medium and neither can we... Purpose is fluid, like water. It has no set shape yet it has the ability to alter the shape of, or be shaped by anything it comes into contact with. LEAP LifeStyle Total Support Services will follow the example of Purpose...LLTSS will Flow. LLTSS will adjust and/or change according to what is pressing or necessary at the moment. As human beings, everything we create, produce or consume is based on a life lived, and captured through some form of media, merchandise, or cause.*

*Every life is a story. So, it's not just a topic, it's conversations flowing with or setting the tone for moments that reflect a lifestyle.}*
